

Safe. Dependable. *Because We Care.*

Activity Bus

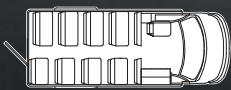

The **Titan Bus DRW-A** is the MFSAB version of the Titan Type A School Bus. Using the same strong construction and 92" wide interior, the DRW-A offers the flexibility and durability to provide years of service for your fleet. Galvanized steel construction and unmatched standard features in an Activity Bus put the Titan Bus DRW-A at the head of the class.

The DRW-A's wide range of optional features gives you the ability to customize your vehicle to best suit your needs. From multiple seating configurations and seat styles, custom graphics, tinted windows to overhead storage racks and ADA compliant wheelchair lifts, the Titan DRW-A Activity Bus is the perfect choice for school teams, church groups, bands, scouts etc.
